I've lived in Eugene for more than 30 years. I'm a wife, a mom, a volunteer, and I'm your neighbor. Professionally, I work for a local non-profit that serves children and families living in crisis.

Previously, I served eight years on the Eugene City Council representing the Bethel area from 2003-2010. I retired to spend more time with my family as our boys were young and I wanted to be present for them. Our boys are now in college and I find myself paying more attention to what's happening at Council. Our voices are not being heard. Our ideas and opinions don't matter.

I am committed to staying focused on issues that improve the lives of all Eugeneans. **I am committed to listening to you and advocating for you on the issues that matter.** I am a team player and committed to working toward effective, responsible solutions.
